KYRIBA FACT SHEET

Kyriba for Insurance

Advanced Treasury, Payments, and Connectivity Solutions for Insurance

Kyriba delivers trusted treasury, payments, and connectivity solutions for Insurance organizations—covering life insurance, property & casualty, health insurance, reinsurance, and specialty insurance providers. Our secure, regulatory-compliant platform centralizes cash visibility, automates payments workflow, and provides actionable insights to optimize capital allocation, enhancing both operational and policyholder excellence.

Why Insurance Organizations Choose Kyriba

- Fully managed global Bank-Connectivity-as-a-Service (BCaaS).
- High volume handling out of the box, typical for the industry.
- AI-powered fraud detection and pre-bank payment screening (OFAC, UN, and more).
- Solvency II compliance support and investment portfolio optimization.
- Demonstrated significant productivity gains, payment processing optimization, and regulatory compliance enhancement.
- Continuous innovation in AI, API, automation, and treasury digitalization with complete data sovereignty and enterprise-grade security.
